

## ACR HemiLight™3 Life Jacket Light

The choice of cruise lines worldwide, the ACR Auto HemiLight™3 flashing survival light attaches to almost any style life jacket to safely meet USCG, MED and SOLAS requirements.

### Design

Smaller than other approved lights, the HemiLight™3 features rounded edges to maintain the integrity of inflatable life jackets. Attachment loops accommodate up to 5 cm (2 in) wide webbing, and the marine tough design ensures years of useful service.

### 20+ hours activation

The high-intensity flashing LED light automatically activates for 20+ hours when it comes in contact with salt or fresh water, and can be deactivated simply by pushing the red button.

### Installation

Installation is quick and easy, the HemiLight™3 can be retrofitted to almost any style life jacket in a matter of seconds.

### Configurations

Available in two configurations: the HemiLight™3 offers a basic strobe mode which can be activated either manually or automatically.

### TECHNICAL SPECIFICATIONS
