

Dräger Powder Extinguisher 9 kgs ABC (cartridge)

The Dräger powder extinguisher is an all-purpose fire extinguisher and is especially suited for flammable liquids and fires involving flammable gases such as methane, propane, hydrogen, natural gas and many others. Dry powder fire extinguishers are recommended for mixed fire environments because they cover type A, B and C fires.

Applications for marine, inland shipping and offshore market

- open air and deck areas
- engine rooms
- accommodation rooms

Features

- effective extinguishing rating,
- allows intermittent and repeated operation,
- designed with a special engineered polymer head,
- operated with a high pressure reinforced rubber EPDM-hose and pistol for high maneuverability and control,
- high quality surface treatment and 100% red polyester coating,
- electricity and corrosion-proof protective base,
- supplied with a special hanging wall bracket,
- affords the highest extinguishing rating due to its multipurpose dry chemical powder,
- suitable for electrical systems up to 1.000 V, minimum distance 1 m.

TECHNICAL SPECIFICATIONS

Manufacturer / Model	Bavaria Colt P9
Extinguisher	Portable dry chemical powder fire extinguisher
Type	Internal cartridge operated
Capacity	9 kgs
Fire class / Rating	ABC / 43A 233B C
Propellant gas	Internal CO ₂ cartridge, 220 gr
Discharge time	20 seconds
Throw length	7 meters
Working pressure	12 bar at 20°C
Suitable for electrical equipment	Up to 1000 Volt
Extinguishing agent	ABC dry powder
Temperature range	-30°C to +60°C
Approx gross weight	16.2 kgs
Approx dispatch weight	17.2 kgs
Approx unit dimension	320 x 190 x 525 mm (l x w x h)
Color	Red (RAL3000)
Approvals	DIN EN3 & CE 0036, MED
